Living Apartment

With an old scent of medieval architectural and interior design elements, pleasantly combined with a touch of modern style, Ambient Residence offers everything you need for a comfortable stay in Brasov: central location, 3 star services and facilities at hand and safety. Situated at the second floor of a medieval building in the idyllic old part of the city, just near our two other location, Ambient Hotel and Ambient Guesthouse, Ambient Residence offers easy access to any part of the city or the surroundings. The wooden elements and the classic warm colored furniture and decorations make you feel welcome the very first minute you walk into a room.

The residence consists of 6 twin/double rooms and 4 apartments (bedroom and living room), common kitchen area with full equipment (refrigerator, electric hob, coffee filter, toaster, sandwich maker, microwave, dishes and crockery) and a common breakfast lounge, with a wonderful view to the Tampa hill. All the accommodation units are non smoking as well as the breakfast lounge downstairs, the kitchen being a smoking area.

New accommodation style comes also with new costs, which are very affordable, the prices starting from 35 euro/room/night, including wireless internet, parking, linen and daily cleaning.

Because the check in is only done at Ambient Guesthouse, which is situated 150 m from the residence, you will have your own keys to your accommodation unit, having thus access 24 hours a day. Moreover, as safety is a must for a comfortable stay, we have provided permanent video surveillance.
